Saturday, join the crew for the St. Helen's "Twilight Halloweentown Dark History and Haunted Places "Scavenger Hunt!"

This may be one of the most unusual types of Scavenger Hunts you've yet to go on.

Things you will need:

Good walking shoes and a digital camera (phone camera is perfect).

This Scavenger hunt is in St. Helens and may be movie fans' most interesting haunt ... hunt. Parts of "Twilight", "Halloweentown", and "Behind the Mask" were filmed in this small town.

You don't need to know anything about the movies to enjoy the haunts you will be visiting.

Instead of retrieving things on this scavenger hunt, you will be walking through the city, taking pictures of specific buildings or items to indicate you have found the items.

Once everyone has returned, our expert judges will determine who will be awarded prizes.

Prizes will be awarded to:

1. The first boat team that finds all the items, takes a picture, and returns first
2. The most unique pictures taken at each place

So, Be creative and have fun!

You have until dinner on Saturday to locate the things in the hunt, take pictures of them, and return.

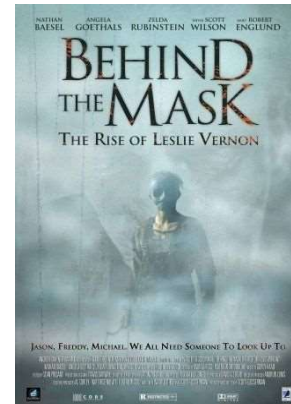

Rules of engagement:

1. The scavenger hunt may only be done in groups that are from the same boat.
2. Individual boat owners may team up together (and if they win...fight over the prize).
3. One prize will be given out per boat.

To join the hunt, meet on the dock, Saturday morning at 10:00am for detailed information.

After dinner there will be a movie featuring "Twilight".

Tina Curry of "The Spirit of Halloweentown" approved using their map for this activity.
